SMERALD

SMEs – Raising Awareness and Learning on Digital data, data analysis and artificial intelligence

Unlocking Insights with Digital Data and AI!

Co-funded by  
the European Union

Project Number: 2023-1-IT01-KA220-VET-000151990 +76 209 1092 4095

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or of the National Agency Erasmus+ INAPP. Neither the European Union nor the granting authority can be held responsible for them.

# Introducing SMERALD

SMERALD aims to raise the capacity of European SMEs to be an active part of Europe's digital transformation and to fully exploit the market potential given by a proper awareness and applications of digital data competences. Specifically, it wants to raise SMEs' managers' awareness on such potential and develop SMEs' employee's digital data competences to properly apply them in their business contexts.

---
